## OSI Featured in November 2011 issue of National Provisioner Magazine

OSI Group was proudly featured as the cover story in the November 2011 issue of National Provisioner magazine.

While the story highlighted both the new West Jordan, Utah dry sausage plant and the new Culinary Innovation Center in the Aurora, IL headquarters office, it also served to re-introduce readers of this meat industry publication to the entire company. In this article, OSI is noted for its leadership in quality and food safety, as well as its willingness to enter new business segments and put its best innovation foot forward.
