OSI Celebrates International Women's Day

Bábolna, Hungary and Taloja, India, March 9, 2016 – International Women's Day is celebrated in many countries around the world every year on March 8th. The day is dedicated to women, as they are recognized for their achievements without regard to their differences – whether national, ethnic, linguistic, cultural, economic or political. The day pays tribute to the indomitable spirit of women across the globe.

On March 8, 2016, OSI Hungary and OSI Vista Processed Foods (India) celebrated this occasion with special events. In Hungary, all women within the company were given a small gift. In India, the women were treated to an interesting guest lecture and also participated in other fun activities.

(L-R) Sándor Zsidi, OSI Hungary Plant Manager, presents Mónika Bába, Product Development Assistant, with a gift for International Women's Day.

The OSI Vista team in India celebrated International Women's Day with a guest lecture, along with fun activities and games for all female employees.
