## **OSI Duisburg conducts sixth “Green Week”**

**Duisburg, North Rhine-Westphalia, Germany, December 2017** –The theme of this “Green Week” at OSI Duisburg was sustainability. Through presentations, brochures and postings, several topics were covered including:

- Sustainable Consumption - This is the consumption of goods and services that has little impact on the environment. Anyone from individuals to groups of people can engage in sustainable consumption.
- Ecological Footprint - Everyone who participated in “Green Week” could have their own ecological footprint calculated. This calculation determined individual consumption of natural resources.
- Useful tips to integrate sustainability into everyday life.

Also, all employees had the opportunity to dispose old paints and varnishes as well as electrical waste. In the context of this collection action, 50 cents were donated for each kilogram discarded to a non-profit organization in Duisburg: an animal sanctuary and abode for children and teenagers, where the kids can spend their free time and learn responsible handling of animals. OSI Duisburg collected €250 (\$293) in donations through this disposal effort to give to this worthwhile organization.

As a small gift, all employees received a reusable lunch box with the OSI company logo containing a message to use the box to avoid plastic waste.

### **About OSI**

OSI Group, LLC is a 100-plus year old, privately held corporation that has been a global leader in supplying value-added protein items and other food products to leading foodservice and retail brands for more than sixty years. The company currently has more than 65 facilities in 17 countries, with its global headquarters located in Aurora, Illinois, a suburb of Chicago.
